## MUNICIPAL MATTERS.

The Council in Committee of the Whole.

## WATER RATES AND THE OUTFALL

Weekly Meeting of the Police Commissioners—Four Officers Appointed—Chief Glass Unanimously Indorsed.

The Council met in Committee of the Whole at 10:30 o'clock yesterday morning to receive the report of the Fire and Water Committee on water rates for the ensuing year. The lobby was well filled, while a number of representatives of the water companies and interested citizens among whom were Messrs. Wicks and Sheward, occupied seats within the rail.

In the absence of Councilman Tufts, Councilman Nickell was elected chairman, and Councilman Summerland officiated as secretary.

Councilman Rees of the Ninth Ward arose and addressing the chair: He made a motion that the sergeant-at-arms be instructed to search every party in the room for weapons.

This motion created a sensation among all present, and was voted down its adoption several times before the chamber.

Mrs. Wicks and Mr. Sheward remained and were apparently unmoved. The precaution was considered to be unnecessary and therefore it was not adopted.

The proposed motion regarding water rates and the report was referred to the Water Committee which was expected to make a report. The committee had a report but it was not in shape. All nothing could be done without this report and adjournment was taken until Saturday morning when the report of the committee was promised.

The meeting of the Committee of the Whole was adjourned without any blood shed or bitter contests of any character.

At 2 o'clock the council met again. Committee of the Whole to discuss measures for the disposal of the sewage of the city and an outfall to the sea. Councilman Tufts acted as chairman and Councilman Rees as secretary.

Among others present were W. W. Howard, representing Bixby & Howard; H. W. Vail, representing the Redondo Land Company, and Dan Freeman, owner of the Centinela ranch. Mr. Freeman represents 12,500 acres of land, the Redondo Company has 4500 acres of land and two miles of ocean front, and Bixby & Howard 400 acres.

The various routes to the ocean were discussed at some length, and the gentlemen present made addresses. Messrs. Howard and Vail were in favor of an outfall, anxious to get the sewer water for use on their lands, while Mr. Freeman was willing to take it conditionally, and promised to present a proposition to the Council by Monday, stating in detail what he is willing to do.

After some discussion, it was decided, on motion of Councilman McGarry, that the Council go over the proposed route for the outfall next Tuesday, starting from the City Hall at 10 o'clock, and returning the same evening.

Councilman Nickell moved that a committee of five be appointed to secure a right of way for the sea.

There was no opposition, and it was unanimously decided to recommend that the Sewer Committee and City Engineer and City Attorney take such steps as are necessary.

The committee then adjourned.

## POLICE COMMISSIONERS.

The Police Commissioners met in the Mayor's office yesterday afternoon with Commissioner Dexter in the chair, and Commissioners Bryson, Collins and Lewis present.

The reading of the minutes was dispensed with and the clerk reported that he had deposited the \$600 reward received from L. M. Wagner with the City Treasurer.

The report was received and accepted.

The application of William S. Martin to be appointed a special officer without pay from the city, having been reported favorably, was granted.

President Bousell, Mayor pro tem., came in this afternoon and chatted.

The application of Chapman & Soars for a transfer of their saloon license from 225 Requena street to 219 Requena, was granted.

The application of Tim Hayes for the transfer of his saloon license now in the name of David Crowley, at No. 1504 San Fernando street, was granted.

The petition of F. Kerckow for the transfer of his saloon license from the corner of Requena and Main streets, to No. 114 and 120 Commercial, was also granted.

The petition of William Halliday for half a month's license was granted.

W. B. Hinke applied for appointment as a special policeman without pay, which was referred to the City for investigation.

An application for permission of the force was received from F. H. Armstrong, Peter A. Reel, W. Robinson of Kansas, and placed on file.

The sixth annual report of the Boston police department was received and referred to the City.

Chief Glass called attention to a certain article published in the Herald yesterday morning, reflecting on him for granting a Chinese laundry in Chinatown a permit to work.

The Chinese laundry in Chinatown, and the commissioners adjourned to the inside office, where they talked over the matter, and when they came out a number of names were named in nomination. The following were selected: Peter Vail, C. C. Davis, an investigation, which filled all the vacancies, four in number, Shannon, Davis, McLean and Glaze.

There being no further business, the board adjourned.

## FIRE COMMISSION.

The Fire Commissioners held a short session in the Mayor's office yesterday morning.

The petition of the Southern California Oil Company for a franchise for the formation of a new fire district (No. 5) in which the right to store refined and crude oil will be given, consisting of the Jacob Hommel tract, on motion of Mr. Kuhris, was referred to the committee with power, if they think proper, to make recommendations to the Council on that behalf, and the chair appointed to such committee Commissioners Kuhris and Broderick.

Demands to the amount of \$229,53 were received.

The nomination of the Chief to moving hydrant on Second and Alameda streets for storm drains, was approved.

The motion of Mr. Kuhris that the board recommend to the Council the purchase of two fire-alarm boxes was carried.

The Boston Grocer's Excursion.

The special committee appointed on the reception of the Boston fruit dealers, who

will arrive here Saturday noon, met, but no business of importance was transacted. An effort has been made to get the local grocers together, but the committee has failed. The party will be here from Saturday to Tuesday, and a reception will be held in the Chamber at some time when it will be open to the public to call on the party. The reception will probably be held Monday afternoon, when the business men will be invited to meet the visitors.

Mr. Germain thought carriages should be provided by a committee from the Chamber that would be shown over the city before the reception is held.

The old committee asked to be discharged, and it was agreed that people who have carriages be asked to send their names to the secretary so that the Chamber may know before Monday what can be secured.

## "WITH A JAC ON."

Our Exhibit in Chicago—How the Nations View the Show.

In the course of a letter to the editor of THE TIMES Major Truman writes from Chicago:

"If each of the four counties would send, say each week, one or two cauliflower, a few green peas, a banana blossom, from four to ten tomatoes, a radish or two, it would aggregate a immense advertisement. Here we are at zero, and Hanchette's twenty-pound cauliflower, ten big tomatoes, forty-nine spuds dug in January, eighteen immense oranges from Duarte, green peas and string beans, set visitors wild. Of course I am also getting some nice oranges and lemons from San Diego and Orange, but what I want is a very little every week from each county, but that little very big. I still have apples that look well that came here the 1st of October from Orange and San Diego counties, while the dried fruits from San Bernardino are a wonder. My big squashes, watermelons, quinces and pears have given up the ghost, but, on the whole, the exhibit is far finer than ever. I ought to have a few fine lines and lemons and oranges every week, a few Limes dry in about six days, Lemons on the tree, and oranges in about ten to twelve days. It is the artificial heat that has introduced to Jessie Steele on the Penequites ranch in September of 1888 by Mrs. O'Brien. This is a direct contradiction to what Jessie wrote to me in the damage suit. The examination was overruled, and the introduction of testimony commenced for the defense.

Vol. XIX..... No. 60

**TWENTY-THREE THOUSAND!**

The project of THE TIMES for supplying 10,000 copies of its Annual Trade Number, for distribution at the Southern California Exhibit in Chicago and throughout the East, is a success. Nearly 7000 copies have already been subscribed for by enterprising citizens for that purpose. Another edition of 3000 copies has just been printed, making the total issue of the Annual, thus far, 23,000 copies, as follows:

January 1st..... 15,000 Copies

January 5th..... 5,000

January 20th..... 3,000

Total..... 23,000.

Orders are still being received, the papers to be forwarded by us to the manager of the exhibit at Chicago, or otherwise disposed of, as the subscribers may severally direct. Citizens can also accomplish a good work by mailing the Annual in quantities to suit themselves.

**PRICES OF THE ANNUAL:**

Single copies, postage prepaid.....	\$1.00
2 copies, " "	20
3 copies, " "	25
4 copies, " "	30
10 copies, " "	50
12 copies, " "	60
20 copies, " "	1.00
25 copies, " "	1.50
50 copies, " "	1.25
100 copies, without postage.....	3.50
Postage—Domestic, 2 cents; foreign, 4 cents per copy. If mailed from this office, the postage is free to the purchaser.	6.00

It is again reported from Washington that seal-killing in Alaskan waters must stop for several years, or there will be no more seals to kill.

There are two bills in the Assembly providing for the formation of new counties, but neither of them appear to give the citizens of the old county any say in the matter. This is a clause which should be inserted. It would make unreasonable divisions of counties less frequent.

At the closing meeting of the Indian conference at Washington, yesterday, some very serious charges were made by several of the Indians in regard to the conduct of the soldiers in the fight at Wounded Knee. These charges ought to be investigated at once, and the army cannot be content to rest under such imputations.

There will be a general hope, on the part of loyal Americans, that the tough and wary constitution of the gallant General Sherman, which has safely brought him through so many hardships, will enable him to tide over his present sickness and enjoy many more years of happiness. As compared with Von Moltke, the German veteran, Sherman is still quite a young man.

The Pomona residents said, among other things, they were fully convinced that "if we were base enough to try to influence the Legislature, or any member thereof, by corrupt means, that both ourselves and petition would, and ought to be, spurned from the halls of legislation." One can imagine the almost audible smile that will go around the capitol building as the legislators peruse this saccharine sentence.

If anything were required to make trusts thoroughly unpopular and detested in this country, the incredibly cold-blooded and diabolical plot which is reported from Chicago this morning should be sufficient. If the facts, as narrated, can be believed—and they seem to be given with a detail which defies contradiction—here was an official of a gigantic trust, representing \$35,000,000, who was willing to sacrifice at least 150 lives and perhaps a large section of the city in order to destroy the only establishment which does not belong to the trust. If it is possible that one of these great combinations of capital has really connived at such a monstrous outrage as this, then are they indeed far more to be feared than the Anarchists. One of the most remarkable features of this remarkable case is that the wretch who is said to have been caught red-handed in this crime was released on \$20,000 bail.

The movement on the part of Boston men of high standing, including a number of clergymen, to investigate spiritualism, shows what a hold that movement has attained on the people of this country during recent years. A sentiment of unrest and inquiry in religious matters is abroad, and many who gave up the old faith, not desiring to become atheists, seeking the craving which is implanted in human nature for something to believe in beyond what is visible, have taken to the vague and unsatisfactory cult of spiritualism as a compromise. Times without number, so-called spiritualistic mediums have been exposed, but these exposures do not seem in any degree to lessen the confidence of those who follow the soothsayers.

The difficulty with the average person of good judgment is to comprehend how the spirits of the departed can be content, in their manifestations, to confine themselves to such puerile acts as twanging guitars in a dark cabinet, throwing bouquets into the laps of persons attending the scene and singing well-known worldly songs in a voice which would scarcely pass muster on earth, much less in Heaven. How is it that the spirits of the departed—great authors, statesmen and others—generally couch their communications in

## OUR WAYWARD LITTLE SISTER.

A number of citizens of Pomona have held an indignation meeting in that city and "whereas" to the effect that Los Angeles has acted in a selfish and unworthy manner in opposing the segregation of Pomona county; that if such nefarious conduct is persisted in there is imminent danger of a disastrous rupture of the entente cordiale between the states of San José and Los Angeles, and that all fair-minded Angelites ought to agree at once to let Pomona go, in order that harmony may once more prevail and impending chaos be averted.

Now, we have no means of knowing that this meeting at the Pomona opera house represented the sentiment of the citizens of the proposed new county any more fully than the three tailors of Tooley street did the Bristol people. As a fact, we do not believe that ten per cent. of the citizens of the proposed county outside of the proposed county seat, desire the formation of a new political division. Of course the city of Pomona expects direct benefits, which would overbalance the increase in taxation, so that a preponderance of sentiment there in favor of segregation probably exists and is comprehensible. As to the farmers in the surrounding country, however, they are known to be overwhelmingly against any present increase in expenses, such as would result from the formation of a new county.

But, even if the meeting in question did fully represent the proposed new county, it does not by any means follow that Los Angeles is in duty bound to acquiesce in that expression of sentiment without a murmur. Because a dog's tail wags, it is not incumbent on the body to commence gyrating. If a man has a boil on his leg, he does not have his leg amputated, but tries to cure the boil.

Pomona is evidently in a boiling condition, just at present—that is, a certain ambitious band of her citizens are, and they find willing representation in the local press, which sees fat things ahead in the shape of county printing contracts. Pomona will cool down, by and by, and will then be very grateful to Los Angeles for refusing to let her have her own way. Just think of it! Such a little child, and wants to go off all by herself! Why, Pomona, you are only eight years old! The idea of leaving your elder sister and going off "on your own hook" at that tender age is preposterous. We think far too much of you to let you attempt it. When you are "grown up" then—well, we will see, but at present—*basta!* By St. Murchison, it cannot be!

**A LEGISLATIVE EPIDEMIC.**

In some inexplicable manner, a boy-cott sentiment appears to have obtained possession of the legislatures of the country. One after another, State legislatures to the number of a dozen or more, have passed resolutions threatening lack of participation in the World's Fair in case the force bill should become a law. Now the legislatures of Colorado and Nevada have started a similar movement in connection with the silver bill, resolutions having been introduced in both legislatures censuring the Chicago Board of Trade for petitioning Congress not to pass a free coinage act, and advising that no part be taken by the State in the World's Fair. As the trades unions also threaten to boycott the fair unless the demands of union labor are fully recognized, it looks as if the great show would have a hard time of it, unless better sense prevails.

Such exhibitions of puerile spite as these are painful in the extreme for all sensible men to contemplate. From past experience, we have perhaps no right to expect anything better from the unions, which are nothing if not extreme, but for State legislatures to lend themselves to such silly attempts at bulldozing—to refuse to play unless they can have the game just their own way—is so unreasonable and undignified as almost to pass belief. In view of such crazy outbursts one may well resurrect that time-honored inquiry: "Whither are we drifting?" It only remains for other States to declare that they will not participate in the show unless the force bill is passed, or if free coinage becomes a law, to make the sickly comedy complete.

Let us have an outburst of healthy public sentiment throughout the country that will sweep aside this nonsense. What on earth, or under or above the earth, has silver, or the Federal election system, to do with the Columbian exposition at Chicago? Is not each State of the Union directly interested in the fair? If any choose to abstain from exhibiting, they will certainly themselves be the chief losers. Enough of such folly, it makes the judicious grieve.

**SPIRITUALISM.**

The movement on the part of Boston men of high standing, including a number of clergymen, to investigate spiritualism, shows what a hold that movement has attained on the people of this country during recent years. A sentiment of unrest and inquiry in religious matters is abroad, and many who gave up the old faith, not desiring to become atheists, seeking the craving which is implanted in human nature for something to believe in beyond what is visible, have taken to the vague and unsatisfactory cult of spiritualism as a compromise.

## A DYNAMITE PLOT.

A Horrible Conspiracy Revealed at Chicago.

It Would Have Resulted in the Death of scores of Men.

The Secretary of the Whisky Trust Arrested as the Principal.

A Heavy Bribe Offered a Government Official to Blow Up a Big Anti-Trust Distillery.

By Telegraph to The Times.

CHICAGO, Feb. 11.—[By the Associated Press.] George J. Gibson, secretary of the whisky trust, was arrested this morning, charged with an attempt to bribe a Government official. When the facts of the case are developed it is claimed they will be of the most sensational character. The name of the revenue officer to whom the bribe was offered is Dewar. When arrested Gibson had in his possession a gripe which, it is said, was found to contain all the evidences of the plot. There are rumors that Gibson made a confession. Among other rumors in connection with the arrest of Gibson, it is stated a plot to blow up the Chicago Distillery, which was not in the whisky trust, was unearthed. Gibson was taken before United States Commissioner Hoyne and waving examination was held in bonds of \$20,000.

The distillery which was to have been blown up is Shufeldt's large concern, which has been fighting the trust.

An attempt was made to destroy that distillery with dynamite two or three years ago, and it was in the search for evidence to prove the whisky trust with the plot that Detective Coughlin, afterwards tried for the assassination of Dr. Cronin, became acquainted.

Gibson was led by Gauger up to a proposition to destroy the plant. He told Dewar that as he had access to the establishment he could easily place a dynamite machine under the big tanks, fire the fuse and escape. He told him that he would be given \$10,000, and could make \$25,000 by doing the job. As a matter of fact the nature of the machine is such that had Dewar been with the plan he might have sacrificed his own life, but still, if every one employed in the building would have been sacrificed. Gibson paid many visits to Chicago, and at last the details of the plot were perfected. The machine was prepared, secreted in the city, and Gibson had evidently come here today to arrange the details. Dewar, it seems, had carried out his part so nicely that Gibson had not the slightest suspicion that he was anything but an accomplice.

## THE STORY IN DETAIL.

Gibson's Plot Would Have Hurled 150 Men into Eternity.

CHICAGO, Feb. 11.—[By the Associated Press.] If the stories told by agents of the National Treasury Department, now in this city, are true, one of the most diabolical dynamite plots, involving great loss of life and property, has been discovered and its consummation prevented just on the eve of its putting into effect. The Western Distillers' and Cattle Feeders' Association, better known as the whisky trust, is a corporation with a capital stock of \$35,000,000 and controls the price of highwines throughout the country, as it controls all of the distilleries with two or three exceptions. The most important distillery outside of the corporation is that of H. H. Shufeldt in this city, and it was against this concern that the plot was arranged. The exposure of the conspiracy occurred this morning. George J. Gibson of Peoria, Ill., arrived at 6 o'clock, and on the complaint of Solicitor-General Hart of the Treasury Department, who came here from Washington for the purpose, was arrested as he was alighting from a carriage at the door of the Grand Pacific Hotel, and hurried across the street into the Government building where he was locked up. The arrest was made as quietly as possible, and the case was not made public until some hours afterward.

The man laid at Gibson's door is that he offered a Government official, T. S. Dewar, who is on duty at Shufeldt's distillery, a bribe to blow up the distillery with dynamite. Solicitor-General Hart tells the story of the plot. He says Gibson opened negotiations with Dewar some time ago, telling him that Shufeldt's concern was in the way and that they were trying to get it out of the way. Finally he offered Dewar \$10,000 and then increased the offer to \$25,000 to blow up the concern. Gibson told him he had a dynamite machine that could be exploded between the large tanks, releasing a setting on fire a sea of alcohol. There would be plenty of time for Dewar to get away, and he was the only man who could place the machine because of the fact that as a Government officer he had access to all parts of the building.

"Gibson lied," said Hart, "when he told Dewar that the machine would not go off until he had time to get out, for it would have exploded at once, killing the man who placed it, before he could possibly get away, thus destroying the only evidence against the trust people and saving them the \$25,000 bribe. In addition to the destruction of Dewar and the picking up of the success of the plot, unquestionably the death of 150 men would be the result."

The President has approved the act to provide an additional Justice of the Supreme Court of Arizona.

Representative Cutcheon, from the Committee on Military Affairs, today reported to the House, with favorable recommendations, the Senate bill for an appropriation of \$100,000 to enable the Secretary of War to provide for the exploration and survey of the interior of Alaska.

Representative Vandever of California presented to the House today a report in favor of the passage of the bill heretofore reported from the Irrigation Committee to provide for the segregation of public lands into irrigation districts, and for the transfer of lands to several States on condition that they shall construct irrigation works.

Senator Stanford today proposed an amendment to the Sundry Civil Bill to increase the limit of cost for the purchase of a site for a public building in San Francisco to \$40,000.

Fitzsimmons Heard From.

SAN FRANCISCO, Feb. 11.—The California Athletic Club received a telegram from Fitzsimmons today, saying that he would give no definite answer about meeting Hall until after the termination of his "theatrical" engagement.

Thirty Thousand Dollars Short.

SAN FRANCISCO, Feb. 11.—Nathanial Greene, a bookkeeper for Farnsworth & Ruggles, who was arrested several days ago, was today charged at the city prison with embezzlement. It is estimated he is \$80,000 short in his account.

"Have you any evidence to show that others beside Gibson were implicated in the contemplated plot?" Hall was asked.

"We have not. While there might reason that he was not alone in this and that somebody higher up in the trust was the responsible party, we have not a bit of evidence tending to implicate anyone else. Everything we have points to Gibson and no other person. The machine, materials to make it effective and the incriminating documents were in a satchel which Gibson carried at the time of his arrest. Some unknown person who had knowledge of the conspiracy warned the owners of the distillery on Monday of the danger which beset them and filing the date count.

## HIT THEM HARD.

Mayor Hazard Talks to the State Solons.

Interference with City Charters by General Laws Denounced.

Legislators Charged with All Manner of Jobbery.

The Day's Proceedings in Senate and Assembly—The Lower House Indulges in Some High Jinks.

By Telegraph to The Times.

SACRAMENTO, Feb. 11.—[By the Associated Press.] The arrest of J. Gibson, in Chicago, today, caused intense surprise. At the whisky trust headquarters nobody could be found this afternoon. President Greenhut went to Washington ten days ago and is still there, although his relatives and friends do not know what hotel he is at. His son said tonight that if his father desired to say anything on the subject he could make his whereabouts known otherwise.

The whisky men here assert that Gibson's arrest is the result of a conspiracy by the anti-trust distillery. He has been a resident of this city since 1879, when he came here from Cleveland and entered the employ of the Monarch Distillery as bookkeeper. When the trust was formed, in 1881, he was selected secretary, and has since held that position. He made money rapidly, and is now rated as worth \$150,000.

Mayor Clark, formerly a member of the association said tonight that Gibson was not such a fool as to get involved in such a terrible affair.

There is a rumor here tonight that United States detectives who were here a week ago gained entrance to the trust headquarters and searched it carefully. In the basement, it is alleged, they found a dynamite machine and explosive chemicals sufficient to destroy all the distilleries in the world.

It is known that the officers were here, but the story about searching the headquarters cannot be traced to any reliable source. Several prominent whisky men will go to Chicago to aid Gibson.

WORSE THAN SLAVERY.

HOW IMMIGRANTS ARE TREATED IN BRAZIL.

Thousands Imported by the Government and Left to Starve—Seven Hundred Dying at Rio Grande.

By Telegraph to The Times.

LONDON, Feb. 11.—[By Cable and Associated Press.] M. Gazinski, correspondent of the Warsaw Courier, who has just returned from Brazil, declares that the Brazilian government threw obstacles in his way when he tried to elicit the truth concerning the emigration question. He says the Brazilian government decided some time ago to import 10,000,000 emigrants, and the North German Lloyd Steamship Company has already landed 140,000 emigrants, receiving 300 marks each for them. The emigrants were not allowed to form colonies but were scattered in the forests in the interior and left to their fate to die of hunger, fever or snake bites, or be devoured by wild beasts.

A few retraced their steps to Rio Janeiro, begging their sustenance of planters, who exacted from them exorbitant services in return for scanty meals.

At Rio Grande the correspondent found 700 emigrants in a dying condition huddled in a wooden chapel while thousands were camping in the streets of the cities through which he passed or in the forests. He has testified on oath to the truth of his statements before the Bremen judges. Still the emigration offices are doing a roaring business.

WASHINGTON NOTES.

A Nebraska Congressman Now Calls Owenby a Liar.

WASHINGTON, Feb. 11.—[By the Associated Press.] The Silver-Pool Investigating Committee resumed its sessions this morning, and Congressman Dorsey of Nebraska said he desired under oath to make a statement. He called attention to the interview with Owenby "who was somewhat notorious, and not unknown to fame" in which Owenby said the Nebraska resolution abolishing the Railroad Commission was lost.

Mr. Dibble's constitutional amendment limiting public expenses was adopted. Its principal provision is that no officer of the State shall have power of incur and defraud except in case of actual necessity, and that the written authority of the Governor, Secretary of State and Attorney General. Any deficiency incurred in violation of this provision shall be void and the Legislature shall not have power to appropriate money to pay the same.

Gov. Markham notified the Legislature today that \$2,637,000 of State funded debt bonds will mature July 1, 1893. This debt must either be paid or refunded, and he suggested that proper steps be taken for refunding.

The Apportionment Bill, which was offered in the Assembly yesterday, so that it might be printed in the journal, got introduced into the Senate.

Representative Vandever of Cal-

ifornia presented to the House today a report in favor of the passage of the Irrigation Committee to provide for the segregation of public lands into irrigation districts, and for the transfer of lands to several States on condition that they shall construct irrigation works.

Senator Stanford today proposed an amendment to the Sundry Civil Bill to increase the limit of cost for the purchase of a site for a public building in San Francisco to \$40,000.

"Gibson lied," said Hart, "when he told Dewar that the machine would not go off until he had time to get out, for it would have exploded at once, killing the man who placed it, before he could possibly get away, thus destroying the only evidence against the trust people and saving them the \$25,000 bribe. In addition to the destruction of Dewar and the picking up of the success of the plot, unquestionably the death of 150 men would be the result."

The President has approved the act to provide an additional Justice of the Supreme Court of Arizona.

Representative Cutcheon, from the Committee on Military Affairs, today reported to the House, with favorable recommendations, the Senate bill for an appropriation of \$100,000 to enable the Secretary of War to provide for the exploration and survey of the interior of Alaska.

which excludes San Francisco. After considerable discussion Brown's amendment carried by a vote of 72 to 2.

The Sunday Law.

SACRAMENTO, Feb. 11.—Campbell's Sunday law was considered tonight by the joint committees on Public Morals, and Rev. Dr. Thompson of Los Angeles, representing the American Sabbath Union opened the debate. S. P. Putnam of the American Secular Union opposed the bill and Dr. Silcox of Sacramento and others advocated the bill. The committee took no action.

THE NAPA TRAGEDY.

TWO MEN IN JAIL AT SACRAMENTO ON SUSPICION.

SACRAMENTO, Feb. 11.—[By the Associated Press.] Two men who answered the description of the two men who murdered Mrs. Greenwood at Napa on Monday night, were arrested in this city this evening by Police Officers Snook and Wilson. The men were covered with mud and badly frightened when arrested. They drove into Washington, Yolo county, this afternoon, put up a horse and buggy there and walked across the bridge to this town. They tell conflicting stories about their whereabouts the last two or three days. They gave their names as Rogers and Heft.

NAPA, Feb. 11.—Capt. J. Q. Greenwood, whose home was the scene of the awful tragedy in which his wife was killed and himself wounded, yesterday, is resting comfortably. He has authorized Sheriff McKenzie to offer a reward of \$1000 for the arrest of the perpetrators of the crime.

THEIR PARTING TALK.

SIOUX VERSION OF THE FIGHT AT WOUNDED KNEE.

THE SOLDIERS CHARGED WITH BUTCHERING WOMEN AND CHILDREN—AMERICAN HORSE BREAKS DOWN WHEN CROSS-EXAMINED.

By Telegraph to The Times.

WASHINGTON, Feb. 11.—[By the Associated Press.] The Indian conference closed today and the Indians will start home on Friday. A feature of today's talk was the story of the fight at Wounded Knee.

THE DECEASED WIFE'S SISTER BILL.

LONDON, Feb. 11.—In the Commons today the bill to permit a widow to marry his deceased wife's sister, passed its second reading.

THREW AWAY HIS CHANCE.

A MILLIONAIRE'S NATURAL SON SIGNS AWAY HIS RIGHTS.

ST. PAUL, (Minn.), Feb. 11.—[By the Associated Press.] A Butte, Mont., special to the Pioneer-Press says: "A document was filed today in the Circuit Court, dated last June, by which Thomas Jefferson Davis, the natural son of millionaire Andrew J. Davis, deceased, who lives in Iowa, assigned to John Davis, a brother of the deceased and legatee under the will of 1886, now being contested, all his right, title and interest in the estate. By this action the young man has thrown away his chances of a fortune, far removed from the governed, make appointments without bias? Does he not take his advice from those around him?

Mr. Hazard showed the practical influence of the appointive powers in convention, and illustrated how commissioners would be appointed with regard to public good. The first consideration would be the perpetuation of power by securing renominations. He read from the constitution to show that all general laws are paramount to special charter provisions. We therefore view with alarm today and the Indians will start home on Friday. A feature of today's talk was the story of the fight at Wounded Knee.

TURNING Hawk said that at a given time when the men had delivered up their guns they were separated from their families and taken to a certain spot. A crazy man, a young man of very bad influence, fired his gun, killing an officer. The other Indians began drawing knives, although they were exhorted from all sides to desist, and firing began immediately on the part of the soldiers. All the men who were in the bunch were killed right there, and those who escaped that first fire got into the ravine and as they went along the ravine for a long distance they were pursued on all sides by soldiers and shot down. The women had no firearms to fight. They were standing off at a different place and when the firing began those of the men who escaped the first volley went in one direction up the ravine and the women went in a different direction through an open gap, but met the same fate as the men.

## WORK OF CONGRESS.

Serious Charge Against the Court of Claims.

The Naval Appropriation Bill Passed by the Senate.

No Action Taken on the Proposed Copyright Measure.

The Shipping Bill Provokes a Sharp Debate in the House on the Question of Subsidies.

TELEGRAPHIC BRIEFS.

The United States cruiser Baltimore has sailed from Toulon port for Chili.

Ed Jackson of Bright Ind., formerly a member of the Indiana Legislature, submitted yesterday.

The tunnel in the Bear Valley and Alessandro pipe line was completed Tuesday. It is 2300 feet long.

Adolph A. Hoffman and Albert E. Frommett, silk manufacturers of Patterson, N. J., have assigned.

The Idaho Legislature yesterday declared Claggett elected United States Senator and Alessandro yesterday.

The remains of Freeman H. Morse, formerly United States Consul-General at London, were interred in that city yesterday.

Matt Allen, formerly trainer for Senator Bear's stable, has attached the Senator's property in New York city to a claim for \$10,000.

The shortage of J. Edridge Pierce, second secretary of the City Loan Association of Wilmington, Del., will amount to \$90,000.

A receiver has been appointed for the Kentucky Union Railroad Company, on application of the Central Trust Company of New York.

The President has commuted to four months the sentence of two years' imprisonment imposed on James H. Jenkins, convicted in Utah of adultery.

Arnold, who killed David Patterson at the Asylum grounds near San Bernardino, has been located in Lower California. Officers have gone to arrest him.

The library of McRae & McDaniels, at Kokomo, Ind., were burned yesterday. Zeni, an imported stallion, worth \$2,000, and other valuable horses were burned to death. Loss \$300.

Mr. Teller offered a resolution, which was agreed to, calling on the Secretary of the Treasury for a list of all persons, firms or associations by whom silver bullion was offered (under the act of July 14, 1890), the amount and prices, etc.

Consideration of the Naval Appropriation Bill was resumed, the pending question being on amendment in reference to the site of the dry-dock on the Pacific Coast, whether on Puget Sound or on the Columbia River.

The amendment recommended by the Committee on Appropriations, leaving it to the Secretary of the Navy to decide upon the site, was advocated by Messrs. Dolph and Mitchell, while Mr. Allen argued in support of his amendment fixing Port Orchard on Puget Sound as the site.

Finally after nearly three hours' talk a vote was taken on Mr. Allen's amendment and it was agreed to—yeas, 34; nays, 12.

It directs the Secretary of the Navy to acquire (at a cost not exceeding \$25,000) a tract of 200 acres on Puget Sound at Port Orchard, and to cause to be erected a dry-dock not less than six hundred feet in length and seventy feet in width, capable of admitting vessels drawing thirty feet of water, the cost of the dry-dock not to exceed \$700,000.

Mr. Hale offered an amendment that no bill shall be made until its subject-matter shall have been submitted to public competition by advertising. This was agreed to.

The bill was then passed.

Mr. Wolcott, from the Committee on Civil Service, reported back without recommendation the Senate bill to ensure preference in the appointment, employment and retention in public service to veterans in the late war. To the calendar.

The copyright bill was taken up, up—but laid aside informally.

The following bills were passed:

The House bill to relinquish the interests of the United States to certain lands in San Francisco, which had been adversely reported and placed on the calendar, was indefinitely postponed. Adjourned.

House.—The Senate amendment to the House bill to fix the wages of certain employees of the Government Printing Office, was not concurred in.

The Senate bill was passed providing for the selection of a site for a military port at San Diego, Cal.

The Shipping Bill was taken up. Mr. McAdoo of New Jersey spoke at some length against the bill. He told the members that they could not in this Congress expect to satisfy one interest and refuse to subserve the former by voting against a sub-treasury scheme. Once the subsidy system was entered upon, it progress could not be stopped.

Mr. Fitch gave notice that if the Shipping Bill passed a committee would be appointed in the next Congress to inquire into the manner in which its passage had been secured.

Mr. Farquhar of New York asked Mr. Fitch to talk like a man and not deal in innuendoes.

Mr. Bland and some others shouted out denunciations of the subsidy policy as there was not a hot exchange of words between Messrs. Bland and Farquhar, the latter denouncing silver lobbyists.

The general debate having closed, the reading of the bill continued. The paragraph relative to the Civil Service Commission was passed over for the present and without disposing of the bill the committee rose and the House adjourned.

MORE RECIPROCITY.

An Agreement Said to Have Been Reached With Venezuela.

NEW YORK, Feb. 11.—[By the Associated Press.] A Washington special to the Times says: It is understood that the President is ready for the announcement of the proclamation of reciprocity with Venezuela, similar in terms to the agreement just reached with Brazil, and will take effect about the same time. This agreement, while the commerce of Venezuela is not as large as that of Brazil, has been mediated for several years, with a larger proportion of importing business than any other nation. The total exports of Venezuela in 1886 were little more than \$11,000,000, and their imports about \$9,000,000, of which amount Venezuela took from us more than \$2,000,000 in 1886, and in 1888 that country took us products to the amount of \$3,000,000.

WASHINGTON, Feb. 11.—It is learned on the highest authority that the statement that a reciprocity agreement has been concluded with Venezuela is incorrect.

SENATORIAL STRUGGLES.

Illinois and South Dakota Continue to Ballot in Vain.

PIERRE (S. D.), Feb. 11.—[By the Associated Press.] Two ballots were taken today, the last one resulting: Moody, 68; Kyle, 56; Tripp, 24; Dillon, 4; Mellette, 1; Dewar, 1; Campbell, 1; with 12 paired.

The report that a combination of Independents and Democrats was being formed to secure the election of a Democrat from Illinois and a Farmers' Alliance man from South Dakota had the effect of uniting the Republicans, and they will hereafter, doubtless, vote to

gether for one man. The Illinois-South-Dakota combine is treated with little credence among leading politicians.

SPRINGFIELD (Ill.), Feb. 11.—The Republicans today presented the F. M. B.-A. men a list of candidates from which to choose a United States Senator, but they refused to consider any of the names. When the joint Assembly met every member responded to roll call and the first ballot showed no change from the votes of yesterday. On the seventy-seventh ballot the Republicans voted for Cicero J. Lindley. The Farmers refused to change from Stelle, the ballot resulting: Palmer 101, Lindley 100, Stelle 2.

Two more ballots were taken this afternoon without change.

Governments were steady.

BY TELEGRAPH TO THE TIMES.

NEW YORK, Feb. 11.—MONEY—On call, easy; savings offered at 3½ per cent.

PRIME MERCANTILE PAPER—5¢/7.

STERLING EXCHANGE—Quiet, strong;

60-day bills, 4½; demand, 4½.

NEW YORK, Feb. 11.—Stocks were less active today than for two weeks, and while firm and strong in the forenoon a reaction occurred in the afternoon and the early improvement was lost. Oregon Improvement Company bonds which have been offered stockholders are being taken up rapidly, and the receivership, it is expected, will therefore soon be brought to an end. The market closed dull and heavy, prices being slightly lower than last evening.

Government bonds were steady.

## WEDNESDAY'S BUDGET.

News Gathered From all Over Town.

### THE PENNSYLVANIA TOURISTS.

Let Us Extend to Them a Royal Welcome—A Wedding in the South End—Personals.

The scheme of meeting the Pennsylvania Railroad Company's excursion party out at Yuma is a happy one and will be fruitful of good in many ways. We who were so fortunate as to have come to this pleasant country four, six, eight or ten years ago, can yet remember how glad a sight it was that met our gaze when, after riding for days over the bleak, barren and snow-capped mountains, we burst upon the evergreen valleys of the Pacific slope. The contrast was as welcome as it was great. Those of us who came from the East, and surely those who did not are in numbers quite inconsiderable when compared with the thousands who are now happy dwellers among the picturesque mountains, mesas and glens that so lavishly ornament and bedeck this portion of our native land, will respond to this call of the Los Angeles Chamber of Commerce, made known to us through our local Board of Trade; and, we predict, will make a hit of the affair.

While the enterprise originated in Los Angeles and not with us, yet we all look to that city as to an elder and kindly brother; let us therefore be generous in the bestowal of our hospitality to those who are coming to be our guests. The ladies will individually and collectively appreciate it; and the gentlemen of the party, even though they may detect from afar among the fruit and bloom a perfume which savors of business, yet they will, we are sure, admire so rare a combination of sentiment and trade. Then, too, it is the first time this company has sent an excursion west of the Rockies, heretofore having made extended excursions to Florida only.

The design of the Board of Trade is that each lady and gentleman contributor shall attach to the bouquet contributions, in name of the contributors, of the garter. The flowers and fringed embroidered will, if left to the Board of Trade rooms on Friday the 13th inst., by 1 p.m., be carefully packed and forwarded to those in charge of the special car provided for this occasion gratis by the Southern Pacific Company and will be designated and set apart as Pasadena's presentation. Let us do ourselves and this city proudly on this occasion.

### A PRETTY WEDDING.

Miss Estelle Kenyon Becomes Mrs. George Selp.

One of the prettiest weddings that has ever been witnessed in Pasadena was that of George E. Selp, who is connected with the County Clerk's office in Los Angeles, and Miss Estelle M. Kenyon, which took place Tuesday evening at 5 o'clock at the residence of the bride's uncle, A. H. Kenyon, on Columbia street, Rev. G. A. Ottman of All Saints' Episcopal Church officiating.

The ceremony was performed in the presence of a small company of friends. Arendt's Los Angeles orchestra furnished the music and to the strains of Mendelsohn's "Wedding March" the bridal party entered the parlor. Miss Estelle Kenyon, a sister of the bride, acted as maid of honor, and R. W. Kenny was the best man. The gowns worn by the bride and her sister were rich and beautiful. A. H. Kenyon gave the bride away. Refreshments were served later by Christopher of Los Angeles, and the bride and groom took the evening train for Los Angeles. The honeymoon will be spent in San Francisco.

Among those present were: Mrs. A. Kenyon of Minneapolis, mother of the bride; Mr. and Mrs. A. H. Kenyon, T. Newsome, Dr. M. E. Smith, Mr. and Mrs. J. Kogler, Mr. and Mrs. C. Luckenbach, Mr. and Mrs. H. Z. Osborne, Mr. and Mrs. O. C. Whitney, Mrs. Newton and the Misses Newton, Mr. and Mrs. F. J. Hart, Mrs. B. W. Kenney, A. H. P. Kenney, Mrs. and Miss Whipple of Los Angeles; Mr. and Mrs. F. G. Barnard, and Mrs. David Davis of Indianapolis. Mr. and Mrs. Robideau of Covina, Rev. and Mrs. G. A. Ottman, Mr. and Mrs. Glover, and Messrs. Schatz of Pasadena. Mrs. J. W. Johnson, Miss Johnson, Mrs. R. P. Russell, Jr., Mrs. J. R. Newberry and Mrs. Brooks of Riverside.

### PASADENA PRODUCTS.

An Exhibit That is Credit to the Town.

Torey & Hagardon's big show window on East Colorado street is fitted up in a novel manner which some of our other merchants might well imitate. A big placard tells the story. It reads: "All these are Pasadena's own productions, grown and put up in this city." The exhibit is a forcible illustration of the resources of the town and ought to convince the most skeptical of visitors that this is the place to live and prosper.

A glance displays splendid varieties of French prunes, Silver prunes, apricots, Kelsey Japan plums raised and cured by C. C. Thompson; Adriatic figs grown and boxed by W. J. Nicholson; Lima beans, fresh figs, Hungarian prunes, nectarines, Crawford and white heart peaches, canned in first-class style by local firms; preserved yellow clingings, orange clingings, Kelsey plums and Bartlett pears, Janes plum-marmalade, orange marmalade, a great variety of jellies and fine samples of oranges, lemons and other fruits grown hereabout.

The exhibit is one of which every Pasadenaian may be proud. It is worthy the inspection of visitors, especially of those who have any intention of settling here, but who are not as yet convinced of the productiveness of our soil. We not only grow fruit here, but prepare it in any desired form for the market.

### Lower Railroad Rates.

On the matter of the late increase in rates between Pasadena and Los Angeles, as made by the Santa Fé and Terminal companies, City Attorney Arthur yesterday received the following reply to his communication to the State Railroad Commission: "Your letter under date of February 4 is at hand. In reply, I would say that I will present the complaint at the next

meeting of the commissioners, Wednesday, February 11. I can assure you that prompt and immediate action will be taken by the board, and I will at once notify you of the same. The letter is signed by James Kelley, secretary of the commission.

### BREVITIES.

The valentine business is brisk. Prof. Kyle is still suffering from a sore throat.

Yesterday's overland arrived five hours behind time.

Mr. Runyon continues to defeat all his opponents on the tennis court.

The infant son of Mr. and Mrs. John McDonald died yesterday.

A meeting of Phil Kearny Camp No. V., was held last night.

Mrs. Dr. Shultz is at present filling Miss Thompson's place at the Wilson school.

The exterior of Stephen Cutler Clark's new building is nearing completion.

There will be a Mikado rehearsal at the Universalist Church at 7:30 o'clock this evening.

An interesting lecture was delivered last night at the Raymond by Miss Bacheller of Boston.

An antelope arrived here yesterday by express from Colorado Springs consigned to Prof. T. S. C. Lowe.

The Athletic club has received some new apparatus. A regular weekly meeting will be held this evening.

A. A. Adams has returned to Pasadena and will probably again enter upon his old occupation of blacksmithing.

The electric fire alarm system will soon be in working order. Fires, however, seem to be out of order these days.

The party of surveyors who are looking up a route for a railroad up Mt. Wilson, are reported to be actively at work.

A whisky party was given at the Hotel Green Tuesday evening, which proved very enjoyable to the guests who participated.

Several tennis matches are being arranged for Saturday. The Messrs. Carter and Miss Carter of Duarre will be present. Mr. Runyon and R. Carter will meet again in singles, which means there will be some brilliant playing.

The sad news reached here yesterday from Riverside of the death of Mrs. Reichman of Chicago, who, with her daughter, have spent the past two seasons at the Raymond, and who is well-known in Pasadena. Mrs. and Miss Adams left the Raymond with their children, the result of their deliberations.

The regular tells of the recent arrival at Hotel Green: Mrs. L. Reichman; Presidio; Miss Eccleston, New York city; Mrs. A. C. Blunt, children and maid; Mrs. A. G. Rhodes and wife, Mrs. J. L. Daily, Miss Grace Daily, Denver; C. G. Williams, Cincinnati; L. G. Shock and wife, Verailles; H. C. Hale, Chicago. L. S. Bennett and wife, Los Angeles.

Lower Railroad Rates.

On the matter of the late increase in rates between Pasadena and Los Angeles, as made by the Santa Fé and Terminal companies, City Attorney Arthur yesterday received the following reply to his communication to the State Railroad Commission: "Your letter under date of February 4 is at hand. In reply, I would say that I will present the complaint at the next
